

UTV 600

Technical data UTV 600

Diesel engine	Mercedes-Benz OM 502 LA
Power output	448 kW, 609 hp
Cylinders	V8, 16 litres
Diesel tank	350 litres
Electrical system	24 Volt
Auger, diameter	1100 mm
Impeller, diameter	1600 mm
Working width	3000 mm
Working height	1500 mm
Lifting height	Same as wheel loader
Weight	7200 kg
Centre of gravity, distance	950 mm
Power transmission	Mechanical
Capacity, max	5000 tonnes/hour
Impeller housing	Turnable, -5° right, 45° left
Casting distance	35 m
Requirement wheel loader	Operating weight min. 18 tons, e.g. Volvo L120C and CAT 950F

1. Diesel engine
2. Cardan shaft
3. Transmission share pin
4. Transmission
5. Impeller
6. Cardan shaft
7. T-gear
8. Flexible coupling and auger share pin
9. Flexible coupling
10. Feeding auger, left
11. Feeding auger, right
